Anesthesia

Adult Anesthesia*
Pain Relief for Childbirth*
Pediatric Anesthesia*

Heart Center – Cardiac Surgery/Cardiology

Angiogram for CAD: Decision Point
Angiogram with Possible Angioplasty
Antiarrhythmic Medications: About
Aortic Stenosis: About
Aortic Stenosis: After Visit Instructions
Aortic Valve Regurgitation: About
Aortic Valve Replacement*
Aortic Valve Replacement: Decision Point
Aortic Valve Replacement: Minimally Invasive Surgery
Aortic Valve Type: Decision Point
Aortobifemoral Bypass: At Home Instructions
Aortobifemoral Bypass: Before Surgery Instructions
Atrial Fibrillation
BP: Self Help for Checking BP at Home
BP Medicine: Decision Point
Coronary Artery Bypass Surgery (CABG)
CABG: At Home Instructions
CABG: Before Surgery Instructions
CABG: Decision Point

Cardiomyopathy (Hypertrophic): After Visit Instructions
Chest Pain (Angina): After Visit Instructions
Coronary Artery Disease*
Coronary Artery CT Angiogram: About
Cardiac Calcium Scoring: Test
Cardiac Cath: About
Cardiac Cath: After Visit Instructions
Cardiac Catheter Ablation (for SVT)
Cardiac Catheter Ablation (for VT)
Cardiac Catheter Ablation (for AFIB)
Cardiac Pacemaker
Cardiac Perfusion Scan: Test
Cardiac Rehab: About
Cardiac Rehab: After Visit Instructions
Carotid Endarterectomy
Cardioversion: After Visit Instructions
Catheter Ablation for a Fast Heart Rate
Coping with a Health Condition
Deep Vein Thrombosis: About
Decision Point: Taking Daily Aspirin
Defib (Cardiac Resynchronization Therapy)
Defib (Implantable Cardioverter Defibrillator)

*Also available in Spanish. *Italics* indicate programs coming soon.

300 WEST ADAMS STREET, SUITE 1100, CHICAGO, IL 60606

Depression
 Depression and Chronic Disease: After Visit Instructions
 Depression Medicine: Decision Point
 Echocardiogram
 Electrocardiogram
 Electroencephalogram (EEG)
 Endocarditis (Bacterial): After Visit Instructions
 Femoropopliteal Bypass: At Home Instructions
 Femoropopliteal Bypass: Before Surgery Instructions
 Heart Attack: After Visit Instructions
 Heart Attack: Reducing Risk with Daily Medicine
 Heart Attack and Unstable Angina: About
 Heart Failure*
 Heart Valve Surgery: At Home Instructions
 Heart Valve Surgery: Before Surgery Instructions
 High Cholesterol: About
 High Cholesterol: After Visit Instructions
 High Cholesterol (Statin): Decision Point
 Hyperlipidemia: After Visit Instructions
 Hypertension
 Interactive Tool: Are you depressed?
 Interactive Tool: What is your stress level?
 Low HDL: After Visit Instructions
 Mitral Valve Repair or Replacement*
 Mitral Valve Regurgitation: After Visit Instructions
 MRI: Test
 Patient Safety
 Pediatric Cardiac Catheter Ablation*
 Pediatric Cardiac Catheterization (for ASD or PDA)*
 Pediatric Cardiac Catheterization (Stenosis)*
 Pericarditis: After Visit Instructions
 Percutaneous Coronary Intervention: About
 Percutaneous Coronary Intervention: At Home Instructions
 Percutaneous Coronary Intervention: Before Procedure Instructions
 Peripheral Arterial Disease of the Leg: About
 Peripheral Arterial Disease of the Leg: After Visit Instructions
 Peripheral Arterial Disease of the Leg: Angioplasty Procedure
 Peripheral Arterial Disease: Femoral-tibial Bypass Surgery
 Peripheral Arterial Disease: Femoropopliteal Bypass
 Pulmonary Embolism: After Visit Instructions
 Pulmonary Hypertension, Primary: About

Self Help: Walking for a Healthy Heart
 Superficial Thrombophlebitis: After Visit Instructions
 Supraventricular Tachycardia: About
 Taking Warfarin*
 Transesophageal Echocardiogram: Before Procedure Instructions
 VAD for Heart Failure: About

Chronic Condition / Disease State Management

Acute Low Back Pain
 Asthma Overview
 Asthma Action Plans
 Asthma and Exercise
 Asthma and House Dust
 Asthma and Pets
 Asthma and Smoke
 Asthma and Strong Smells
 Asthma Peak Flow Meter
 Asthma Cold and Flu Season
 Asthma Dry Powder Inhaler
 Asthma Dry Powder Inhaler (Child)
 Asthma Metered Dose Inhaler
 Asthma Metered Dose Inhaler (Child)
 Asthma Nebulizer (Adult)
 Asthma Nebulizer (Child)
 Atrial Fibrillation
 Bariatric Informed Decision Making
 Benign Prostatic Hyperplasia Treatment Options
 Chronic Low Back Pain
 Coping With a Health Condition
 COPD
 Coronary Artery Disease*
 Depression
 Diabetes, Type II*
 Diabetes – Checking Your Blood Sugar
 Diabetes – Injecting Insulin
 Diabetes Alert – High A1C Results*
 Diabetes Alert – Overdue for A1C
 Diabetes Alert – Missed Prescription*
 Diabetes Alert – High Blood Pressure*
 Diabetes Alert – Test Strips Not Ordered*
 Heart Failure*
 Hypertension
 Treatment Options for Hip Osteoarthritis
 Treatment Options for Knee Osteoarthritis

*Also available in Spanish. *Italics* indicate programs coming soon.

Drug or Poison Ingestion: After Visit Instructions
Drug or Poison Ingestion in Children: After Visit Instructions
Fainting: After ED Visit Instructions
Kidney Stone: After ED Visit Instructions
Necrotizing Fasciitis: After Visit Instructions
Seizure: After ED Visit Instructions
Seizure (Fever): Child After Visit Instructions
Tracheostomy: At-Home Instructions
Transient Ischemic Attack: After ED Visit Instructions

Gastroenterology

Appendectomy: At-Home Instructions
Appendicitis: About
Cholecystitis: After Visit Instructions
Cirrhosis: After Visit Instructions
Colonoscopy*
Crohn's Disease: After Visit Instructions
Diverticulitis: After Visit Instructions
ERCP
Liver Biopsy: About
Pancreatitis: After Visit Instructions
Pediatric Colonoscopy
Pediatric Upper GI Endoscopy*
Peptic Ulcer Disease: After Visit Instructions
Sigmoidoscopy: Before Surgery Instructions
Upper GI Endoscopy*

General Surgery

Adjustable Gastric Banding
Breast Biopsy for Diagnosis
Circumcision in Infants: At-Home Instructions
Colectomy*
Colostomy: At-Home Instructions
Duodenal Switch
Gastric Bypass (Laparoscopic)*
Gastric Bypass (Open)*
Hemorrhoidectomy for Hemorrhoids
Hiatal Hernia: After Visit Instructions
Ileostomy: At-Home Instructions
Inguinal Hernia Repair
Incisional Hernia
Jugular Access Port
Laparoscopic Cholecystectomy*
Lap-Band Surgery*
 Lap-Band – Adjustments*
 Lap-Band – 4 to 6 Weeks Post-Op*
 Lap-Band – 6 Months Post – Op
Lumpectomy for Malignancy
Mastectomy
Parathyroidectomy for HPT
Pediatric Inguinal Hernia or Hydrocele Repair (Male)*
Pediatric Hernia Repair For Girls*
Percutaneous Endoscopic Gastrostomy: At-Home Instructions
Pilonidal Cyst Excision: At-Home Instructions
Pyloric Stenosis Repair: At-Home Instructions
Sleeve Gastrectomy
Splenectomy: At-Home Instructions
Subclavian Access Port
Thoracentesis: At-Home Instructions
Thoracotomy: At-Home Instructions
Thyroidectomy*
Umbilical Hernia

Internal Medicine

Acute Respiratory Distress Syndrome: About
Acquired Immunodeficiency Syndrome (AIDS):
 After Visit Instructions
Alzheimer's Disease: Caring for Someone with
Autopsy: Should I have an Autopsy Done on my Loved One?
Blood Transfusion: About
Bone Marrow Aspiration and Biopsy: Test
Bronchitis in Children: After Visit Instructions
Bronchitis in Adults: After Visit Instructions
Celiac Disease

*Also available in Spanish. *Italics* indicate programs coming soon.
